

SEIU Healthcare

As a member of the Victoria Manor Staff Team you are now also a Service Employee International Union (SEIU) Healthcare Member.

SEIU has a long history in our home and we are proud to wear purple in support of our Team. A contract is negotiated between the Employer (Victoria Manor) and the Union generally every three years. There are a great number of benefits that come with being an SEIU Team Member at Victoria Member:

So What's a Union After All?

A union protects, guides and supports a group of workers who have chosen to come together to improve their quality of work and job security.

 Power	 Support	 Growth
